Education

Rochester Institute of Technology, Rochester NY

Anticipated May 2027

Bachelor of Fine Art (New Media Design), Minor in Marketing, Creative Writing, and Japanese
RIT Presidential Scholarship

Project Experience

Beyond Fashion - rit.edu/vignellcenter/beyond-fashion

Aug 2025 - Dec 2025

- Designed a variety of motion graphics to play during the 2025 Beyond Fashion show.
- Coordinated with teammates and participants to maintain cohesive design and branding.
- Spearheaded discussion on design direction by providing various mockups and feedback to other teammates.

RIT x KCG Study Abroad Game Jam - monnettie.itch.io/doko-neko-hakai

May 2024

- Developed an original game, Doko Neko Hakai, in two days for the Rochester Institute of Technology x Kyoto Computer Gakuin in Japan. Assigned a team of RIT students and Japanese KCG Students.
- Navigated the language barrier with intermediate Japanese to communicate ideas and connect with teammates.
- Contributed to concept, design, gameplay, and writing.
- Led coordination of tasks among team members to execute the project on a timely basis.

GIRLMORI - mods.one/mod/girlmori

Feb 2020 - May 2025

- Created and managed GIRLMORI, a mod for the game OMORI that aims to replace all assets of the male main character with female counterparts. Has over 5,000 downloads as of 2025.
- Redesigned replacement assets such as sprites, animations, in-game and illustrated cutscenes, dialogue, UI/UX, and MP4 movies. Re-coded in-game events and optimized mod loadout.
- Recruited several members of the OMORI mod community to collaborate on minor replacements, workload, and optimization.
